III. TRAINING INSTITUTE

1. GENERAL INFORMATION

1) About University

Seoul National University (SNU) was founded in 1946 as the first national university in Korea. SNU has the largest campus in Seoul and an agricultural campus in Pyeongchang in Gangwon Province. Now it has 15 Colleges, 1 Graduate School, and 11 Professional Schools with 2,260 full-time faculty members and 24,993 students enrolled in degree programs. SNU global standing is 37th in the world, and 11th in Asia by QS World University rankings (Source: SNU, August 2019)

The Graduate School of Public Administration (GSPA) at Seoul National University (SNU) is the first professional graduate school established in Korea and was founded on April 1, 1959. Since then, GSPA has been playing a crucial role in the development of public policy and administration education in Korea, and GSPA graduates have been taking the lead in developing public policy and administration education in the nation. Therefore, the history of GSPA can also be the history of public administration in Korea.

For more than 60 years, GSPA has been committed to empowering students to become experts and government officials who successfully apply their knowledge and skills in responding to public issues, as well as faculty and scholars in various public policy and administration schools in the nation. In this respect, GSPA can be 'the cradle of national leaders' as the graduates of GSPA are demonstrating their ability by taking the lead not only in the public field but also in other various areas in the society.

The GSPA of Seoul National University is one of the top leading educational institutions in Asia that achieved its success through world-class research and educational infrastructure, networks with developing countries, and various practical training program. Furthermore, GSPA will leap to become one of the Global Top 5 administration, policy education, and research institutions through Vision 2030 and plan to nurture leaders for public sectors who takes the lead in creative innovation.

As of December 2019, 5,557 master's degree students and 274 doctoral degree students had graduated from the GSPA, of which many became leaders in the Korean society as high-level public officials: prime minister (1), deputy prime minister (1), minister (20), deputy minister (73), and professors and researchers, politicians, journalists, and corporate leaders.

Global Master of Public Administration (GMPA) Program launched in September 2011 with a combined effort of GSPA-SNU and KOICA to cultivate students' adaptive capacities that will add value to economic and social development in their home countries.

GMPA program consists of two different but highly relevant courses. It enables students to form an extended global network between public officials from Korea and the countries which have a cooperative relationship with KOICA. The two Master's courses include one for highly distinguished public officials from developing countries, and another for public officials appointed by the Ministry of Security and Public Administration, Republic of Korea.

So far, 170 GMPA students from 42 different countries have been studying at the GMPA. As of June 2020, 45 participants from 21 different countries and 20 participants from the South Korean government now attend the GMPA program from August 2019. We also look forward to having new students in March 2021.
